

Title: Manager, Production (Wall Panels)

Location: 67 Farmers Row, Winnipeg

This opportunity is in our new wall panel manufacturing division!

Known for innovation and quality, this new venture for Star Building Materials represents an exciting expansion of our capabilities and market reach. We are looking for a dynamic and experienced Production Manager to lead this new facility and help us realize its full potential. If you are passionate about manufacturing excellence and eager to be part of a groundbreaking team, we want to hear from you!

At Star, our people make the difference. We offer an exciting place to build your career with competitive compensation and benefit packages, company matching RRSP/DPSP program, employee home purchase program and employee discounts.

Job Overview

Reporting to the Truss Manager, as the **Manager, Production (Wall Panels)** you will ensure wall panels are manufactured in an accurate, efficient and safe manner. You also lead and plan priorities, schedules and workflows to continuously improve processes, tools and infrastructure.

Your day-to-day responsibilities will include:

- Developing, supervising and providing guidance to Production and Design team members.
- Supervising time card system daily and reviewing time summaries before submitting to payroll.
- Promoting a safe work environment and ensuring compliance with environmental health and safety programs.
- Maintaining feedstock materials and inventory levels, including demand forecasting.
- Screening incoming orders, determining production time required and planning production schedules accordingly.
- Updating performance to the production schedule and adjusting as variables change. Monitoring and maintaining efficiency levels against baselines established with Branch Manager.
- Overseeing machinery, technological tools, infrastructure, and capital programs.
- Providing pre and post-sale technical support and consultation for customers.
- Liaising with customers, Sales and Production staff to resolve production issues in a professional and timely manner.
- Monitoring in-process job flow to identify and rectify bottlenecks or other joist production issues.
- Providing onsite feedback of designs and assembly and hands-on assistance in the production yard and the shipping/lumber department, as required.

As our ideal candidate, you are...

- A strong communicator; you clearly express your thoughts in conversation as well as write and present in a persuasive and influencing manner.
- An active listener; you seek to understand and listen to others in a non-judgmental way.
- A creative problem solver; you think outside the box for solutions without fear of failure.
- A leader; you attract, retain, develop or improve the skills of others through effective coaching and guidance.

Essential Requirements

- High School Diploma, or equivalent.
- Minimum 3 years of production or manufacturing management experience.
- Valid driver's licence and access to reliable vehicle.
- Satisfactory verification of criminal record check and driver's abstract.
- Proficient in Microsoft Office Programs (Outlook, Word, Excel, Teams, SharePoint and PowerPoint).

Preferred Qualifications

- A construction and framing background is an asset.

What We Value

- Creating trusting and successful working relationships.
- Setting clear, measurable and achievable goals.
- Cooperating with team members in an open, positive and respectful manner.
- Staying current with technical job skills.
- Taking responsibility for the outcomes of decisions and actions.

Work Conditions

You primarily work on site during regular business hours. Work has exposure to noise from equipment/machinery and occupational hazards as well as dealing with inclement weather and dust. Travel to other locations and overtime may occasionally be required.
