

Estimators/Designers opportunity at a Progressive Organization

Come work as an **Estimator/Designer** at Gang-Nail Trusses.

At Gang-Nail Truss our goal is not just to design trusses, we're crafting innovative structures. As a **Truss Estimator/Designer** with Gang-Nail, you'll be an important part of the team that is setting new standards in the construction industry.

Our vision at Gang Nail Trusses is to be a great place to work where people are inspired to do their very best.

The Position:

We are looking for full time **Truss Estimator/Designer** to produce roof & floor truss placement layouts conforming to current practices & codes. Employer is willing to train the right individuals. Advancement is available to individuals who are reliable and show good work ethic. We value team work and capacity to develop. Our people are always looking & striving for ways to improve.

The Duties:

- Designing individual truss and beam components ensuring proper load transfer
- Generate estimates for residential & commercial projects
- Working with customers, co-workers, and construction personnel to discuss projects or resolve problems.

Why you should apply:

- Company paid Health and Dental premiums for you and your family after 3 months
- Company matching Registered Pension Plan
- Bonus Program
- Employee Family Assistance Program
- Life Insurance
- Competitive Compensation
- Diploma in Architectural/Engineering Technology required, although may be substituted with technical training or industry knowledge
- Minimum of 2 years of design experience in the truss industry
- Experience with Mitek &/or Revit software would be an asset
- Strong math skills including architectural units, fractions, and basic geometry
