## Advocacy Call to Action We want to hear from you!

Dear Members:

To ensure we stay current on the issues that are impacting members and help us understand any concerns we may need to address or potentially bring forward, we are asking you to provide us with feedback. We have two short surveys that we kindly ask you to complete this week:

### 1. **WRLA Member Issues Survey**

#### **June 5 Deadline**

To better understand how members are being impacted in various regions and arising concerns, we have developed a brief nine-question survey for you to complete. The survey is anonymous and will help us to identify how the WRLA can assist you and the industry moving forward.

[Click here](#) to access the eight-question survey.

### 2. **Deferral of Duties and Taxes on Imports**

#### **June 4 Deadline**

As a member of the Canadian Chamber of Commerce's policy committee, the WRLA has been asked to share the following survey with our membership. Finance Canada and CBSA are looking to better understand the on-the-ground realities of how the deferral of duties and taxes on imports has worked in the context of relationships that importers have with their customs brokers.

This survey should take no more than two minutes to complete. If you or your colleague responsible for customs work are able to complete the survey by June 4 it would be greatly appreciated.

[Click here](#) to access the quick survey.

We are here for you! If you have any questions, comments or suggestions, please do not hesitate to get in touch with me.

Best regards,

Liz Kovach

President WRLA

Director Prairie Provinces, Building Materials Council of Canada
